"Hi there,

I had Cristo as a pre test instructor 17/12/20 and then did my driving defensive course with Harald 15/02/21 and then had my practical lesson with Carmelle 18/03/21.

They were all amazing, I learned so much from them all and they were all helpful.

Cristo and Carmelle with their practical lessons and Harald with his theory lessons.

I would highly recommend A1 for anyone wanting to get lessons and sign up for the defensive driving course. Worth the money.

They're all so welcoming and lovely!"

"Thanks Christo for the driving lessons, and test preparation for his restricted license. You prepared him well, gave him lots of tips and the confidence to pass his license first time! Thanks!"

"I have never really driven a lot and I was very nervous when I started having lessons. My instructor was Christo and he was awesome. Very calm, relaxed but professional. He explained things in a simple way that made a lot of sense to the uneducated driver. We had some laughs along the way too.

With his help I passed my restricted first time.

I highly recommend A1 driving school and Christo.

Many thanks.

"After some lessons with another driving school, I felt discouraged and like I wasn't progressing or being explained things to in a way I could understand - So I just wanted to say a big, big thank you to Christo for his patience and all his help. I passed my test today and found his help through the lessons made me feel so confident throughout it :)"

"Christo instructed me the essential aspects of driving that the tester would look at. I felt as if I were with a friend, which helped me to ease up to acquire a new driving habit. I strongly recommend him for anyone who is to take a practical driving test!"

"Christo was amazing. He made Olivia feel very comfortable and at ease. He gave positive feedback and spent time in the car with her before they drove off. He was friendly and Olivia was so relieved

(after a bad experience with another driving school). He gave her confidence to drive and I feel confident that he will get her through her exam. At the end they discussed each task that was achieved and he advised area's of improvement. Thank you Christo."
