"I booked my son with Neil Bendig - Central & West. I wanted my son to have 5 lessons so that I felt comfortable giving my son further lessons once he had completed these. We were very happy with Neil's instructions and he was very accommodating. We live a little out of town and Neil arranged to meet at an agreed spot so that the 1hr lessons weren't used up driving into the more populated area so that my son could practice there. My son felt very comfortable with Neil and learnt a great deal. When we thought we were ready to sit the restricted test we contacted Neil once again to do the Pre-Assessment Test with him. We met at VTNZ where we were going to sit the test and my son was taken around the areas that he may be taken for the test, using our own vehicle this time. My son felt confident and ready to book his test and he passed with flying colours. The tester said he felt very safe with my son at the wheel. Thank you Neil and A1 Driving School for all your help - will definitely recommend you to anyone wanting a calm, helpful and friendly instructor - from Millar and Tracy."
