"I had about 10 driving lessons with Lynda and I highly recommend her as an instructor. She has a calm and soothing personality, is professional, thorough and answers all your questions you have. As someone who struggles with anxiety, I've always felt comfortable driving with Lynda and I've gained confidence while driving. I'm very happy that I passed my restricted license test and I will be using Lynda's services again before I sit my full license. Don't hesitate to book Lynda, you won't regret it. She is a pleasure to deal with."
